Residents Assembly

*On the Implementation of the Resolution
Accepted by the RA on 30th September
2002*

*To Form Completion & Core Teams for the
Matrimandir*

*Monday, 18th November 5 PM at
SAWCHU*

A Study Group has been working on the details of implementation of the above Resolution. The proposal that will be considered at this RA appears inside. All those who are concerned and interested in the manifestation of the Matrimandir are most welcome to participate.

HOUSE OF MOTHER'S AGENDA

Il y a deux choses... l'une, par exemple, que j'ai souvent observée : une maladie se déclenche, ou un désordre se déclenche, et il y a comme une... ce n'est pas une contagion (comment expliquer ça ?), ce serait presque comme une 'imitation', mais ce n'est pas tout à fait cela. Disons qu'un ensemble de cellules flanche ; pour une raison quelconque (il y a d'innombrables raisons), elles subissent le désordre – obéissent au désordre – et il y a un point qui devient 'malade' selon la vision ordinaire des maladies ; mais cette intrusion du Désordre se fait sentir partout, elle a des répercussions partout : partout où il y a un point plus faible ou moins résistant à l'attaque, ça se manifeste. Par exemple, prends quelqu'un qui a l'habitude d'avoir mal à la tête, ou mal aux dents, ou une toux, ou des douleurs névralgiques, n'importe, un tas de petites choses comme cela, qui vont, viennent, croissent, diminuent. Mais s'il y a une attaque de Désordre quelque part, sérieuse, tous ces petits troubles réapparaissent immédiatement, ici, là, là... C'est un fait que j'ai observé. Et le mouvement contraire suit le même schéma : si l'on arrive à apporter à l'endroit attaqué la vraie Vibration – la Vibration d'Ordre et d'Harmonie – et que l'on arrête le Désordre... toutes les autres choses se remettent en ordre, comme automatiquement.

Et ce n'est pas par une contagion, n'est-ce pas ; ce n'est pas, par exemple, que le sang apporte la maladie ici et là, ce n'est pas cela ; c'est... presque comme un esprit d'imitation.

Mais la vérité, c'est que l'Harmonie qui maintient tout est attaquée, elle a fléchi, et qu'alors tout se désorganise (chaque chose à sa manière et selon son habitude).

Et je parle ici des cellules du corps, mais c'est la même chose pour les événements extérieurs, jusqu'aux événements mondiaux. C'est même remarquable au point de vue des tremblements de terre, des éruptions de volcan, etc. ; il semblerait que la terre tout entière soit comme le corps, c'est-à-dire que si un point fléchit et manifeste le Désordre, tous les points sensibles subissent le même effet.

Au point de vue humain, dans une foule, c'est extraordinairement précis : la contagion d'une vibration – surtout les vibrations de désordre (mais les autres aussi).

Et c'est une démonstration tout à fait concrète de l'Unité. C'est très intéressant.

C'est une chose que j'ai observée au point de vue des cellules du corps des centaines et des centaines de fois. Et alors, on n'a plus du tout cette impression mentale d'un 'désordre qui s'ajoute à l'autre, ce qui rend le problème plus difficile' – ce n'est pas du tout cela, c'est... si l'on touche au centre, tout le reste naturellement rentrera dans l'ordre. Et c'est un fait : si le centre du désordre est remis en ordre, tout s'ensuit naturellement, sans attention spéciale.

Au point de vue humain, au point de vue des révolutions, au point de vue des bagarres, au point de vue des guerres, c'est extraordinaire d'exactitude, de précision.

Une démonstration tout à fait concrète de l'Unité.

Et c'est par cette connaissance de l'Unité qu'on a la clef.

On se demande comment, par exemple, l'action d'un homme ou d'une pensée peut remettre les choses en ordre – c'est comme cela. Non pas qu'il faille penser à tous les endroits troublés, non : il faut toucher le centre. Et tout rentrerait dans l'ordre, automatiquement.

(silence)

Voilà, il faut guérir, mon petit.

L'AGENDA DE MÈRE, 26 SEPTEMBRE 1964

MÈRE

UNE INFINIE, IMMENSE ET ÉTERNELLE GRATITUDE À SATPREM
POUR TOUT CE TRAVAIL UNIQUE QU'IL NOUS RÉVÈLE.

GangaLakshmi

HOUSE OF MOTHER'S AGENDA

There are two things.... One, for instance, which I have often observed: an illness is triggered, or a disorder is triggered, and there is a kind of ... it isn't a contagion (how can I explain it?), it would almost be like an "imitation," but that's not quite it. Let's say that a certain number of cells give way; for some reason or other (there are countless reasons), they submit to the disorder - obey the disorder - and a particular point becomes "ill" according to the ordinary view of illness. But that intrusion of Disorder makes itself felt everywhere, it has repercussions everywhere: wherever there is a weaker point which doesn't resist the attack so well, it manifests. Take someone who is in the habit of getting headaches, or toothaches, or a cough, or neuralgic pains, whatever, a host of little things of that sort that come and go, increase and decrease. But if there is an attack of Disorder somewhere, a serious attack, all those little troubles reappear instantly, here, there, there.... It's a fact I have observed. And the opposite movement follows the same pattern: if you are able to bring to the attacked spot the true Vibration - the Vibration of Order and Harmony - and you stop the Disorder ... all the other things are put back in order, as if automatically.

And that doesn't happen through contagion, you see; it isn't that, for instance, the blood carries the illness here or there, that's not it: it is ... almost like a spirit of imitation.

But the truth is that the Harmony that keeps everything together has been attacked, it has given way, and so everything is disrupted (each thing in its own way and according to its own habit).

I am speaking here of the body's cells, but it's the same thing with external events, even with world events. It's even remarkable with regard to earthquakes, volcanic eruptions, etc.: it would seem that the entire earth is like the body; that is to say, if one point gives way and manifests Disorder, all the sensitive points suffer the same effect.

From the human standpoint, in a crowd, it's extraordinarily precise: the contagion of a vibration - especially vibrations of disorder (but the others, too).

It is an absolutely concrete demonstration of Oneness. It's very interesting.

It is something I have observed on the level of the body's cells hundreds and hundreds of times. And then, you no longer have at all that mental impression of one "disorder added to another, which makes the problem more difficult" - that's not it at all, it's ... if you get to the center, all the rest will be naturally restored to order. And that's a fact: if order is restored at the center of disorder, everything follows naturally, without your paying it any special attention.

From the human standpoint, from the standpoint of revolutions, from the standpoint of fights, from the standpoint of wars, it's extraordinarily accurate and precise.

An absolutely concrete demonstration of Oneness.

And it is this knowledge of Oneness that gives you the key.

People wonder how, for instance, the action of one man or of one thought can restore order - this is how. Not that you have to think of all the troubled spots, no: you have to get to the center. And everything will be restored to order, automatically.

(silence)

There, you must get cured, mon petit.

MOTHER'S AGENDA, 26 SEPTEMBER 1964

MOTHER

AN INFINITE, IMMENSE AND ETERNAL GRATITUDE TO SATPREM
FOR ALL THIS UNIQUE WORK HE REVEALS TO US.

GangaLakshmi

Meeting of the International Zone Group

Monday, 4 November, Tibetan Pavilion

Present: Sergei (notes), Ruslan, Jill, Jaya, Aster, Peter A., Tekeste, Tine. Andy (Certitude) brought a German journalist. Hyun Sook brought 2 Korean journalists.

Ruslan presented the office budget to the group, the figures were accepted and the ways of financing the needs were discussed. Some money to start the office was given by AVI, some additional – by individuals at the AVI California meeting. We still lack most of the amount needed.

The smooth running of the meeting was seriously affected by the TV team, shooting and taking interviews but we withstand it well!

Our main topic, however, was the personal experience of the members of the group as related to their approach to the spiritual essence of their countries/cultures, the exercise we decided to take up previously. Aster told us about the beginning and the early days of the Bharat Nivas, its development till now and the tasks for the near future – to become a real pavilion of the International Zone for others to follow, the difficulties it met on the way of development demonstrate the real seriousness of the task ahead and the difficulties India itself meets in its development. In the near future the activities of the Pavilion will increase many times as the building of the Town Hall Annex is going to free the space in the buildings now occupied by different administrative and cultural groups.

Peter A. related to us the way taken by him which lead from a besieged Western Berlin through Western and Eastern Europe to the International Zone.

Jaya told us how she had grown up in a safe, Socialist Sweden and how she came to India and worked in a refugee camp in Bangladesh. These experiences gave her inspiration for the work of the International Zone and the Unity Pavilion.

We are going to continue the exchange at the next meetings.

Meeting of the International Zone Group

Saturday, 9 November, Tibetan Pavilion.

Present: Jaya, Aster, Peter A., Helmuth, Tine, Sergei (notes), Ruslan, Tekeste.

This meeting was the continuation of the previous one, where we again were exploring the approach taken by each of us to the spiritual core, essence or the soul his/her own country and the International Zone.

Sergei spoke on the perspective you get if you are growing up in Central Russia in the Soviet Union: with closed borders but good translations of the best books written all over the world, education effective and distorted at the same time, with the English language having not more practical value than Latin – and then you have the opportunity to witness the country slowly opening up. It was also said that the unity in diversity between nations – as between people – is possible to realize only if we realize our inner truth; in the Spirit there is the unity so unbreakable that it can afford the manifestation of the outmost diversity. The inner development of all of us projecting outwards is the best way to help the International Zone to manifest itself. And Auroville is the place where you can – and are asked – to work from the highest level of your consciousness.

On the request by Tine the discussion of the results of the AVI California meeting was initiated. We decided to organize in the near future a separate meeting on this issue and especially on the details of the Extended International Zone Group proposal.

IDC Meeting Notes

5.11.2002

Present: Stuart, Jill, Joseba, Sydo, Jacques and Dharmesh

Notes: Sonja and Shweta

Consultant: Eugen

Guests: Govind, Madane,

Absent: Peter A.,

Reve II:

Dharmesh came and proposed to the group that there are 3 more flats which we should sell without DG subsidy, that is we should charge the actual costs of today to save the buffer for landscaping and roads. The new contract will not specify a breakdown of all the costs but only include the cost per square metre. The original promised date was January/February. Govind the engineer is confident that the people will be housed before next year.

The project (phase I and II) has been subsidized 8 Lakhs and did not need to ask the Auroville Fund for any help. The cost of the apartments is around 25% lower than other projects. It has been a learning experience for all parties involved. Sonja will draft a letter to the Residents informing them that Dharmesh met with the IDC and has the group's support before his next meeting with them on Saturday.

Sharnaga:

We heard from Kripa voicing a need for clarification on development in the area specifically near her house. Many activities are simultaneously taking place there such as the building of a meter room, the making of side bunds for a future outer ring road. Joseba will draft a letter to Kripa explaining about these developments.

FAMC Report:

Joseba is now the IDC representative in place of Dharmesh for the FAMC meetings. He reported about an idea to form a subgroup on long-term housing development. The group would study the idea to start large-scale housing and infrastructure developments in the neighbourhood.

They will study possibilities of how to pay back such a large loan, invite people who have contacts, cover details of alternative energy schemes that could help to fund such a project, etc...In fact through Asia Urbs and other networking this idea is becoming progressively more of a possibility but will require a lot of planning.

International Zone Group Meeting

Jill made a report on the meeting of International Zone. She informed us, that they are undergoing a process of sharing of personal experience of the soul of their home country. Last week Aster (India), Peter A. (Germany) and Jaya (Sweden) spoke. Ruslan and Sergei have taken up the coordination duties and their office will be situated in the Tibetan pavilions until the Unity pavilion is ready. The Unity Pavilion recently got 5 Lakhs to finish the water tower and toilet facilities.

They are preparing a workshop in December which will have presentations, exhibition and discussion on models for the area and workshop sessions on the soul of each nation.

Tekeste is planning to have an "African house" which will be a special guesthouse for Africans, he is also networking with African students in Pondicherry.

Pony Farm:

Lea requested us to find her a new place for the pony farm which is situated in the Industrial zone where the electricity bill are very high. Sydo will bring the topic to the Green Group and to the Forest Group. There may be a possibility to find a few acres in the region around Fertile Windmill. Lea specified that she requires around 10 acres but it remains to be seen if this is realistic.

Building Applications

Two building applications are waiting for feedback: Selveraj, Karan and Martin; Kuilapalayam, Restaurant; Cornelis Sve Dam, Workshop and teacher room; Selveraj; Aspiration, one room extension

Forest Group Meeting Report

At Fertile Windmill on November seventh 2002

Present: Perumal, Ambre, Julia, Saravanan, Matriprasad, Mike (chair), Kannian, David, David (Adv.), Kumar, Peter CS (guest), Glenn, Jaap, Rita, Cristo, Islan, George, Biggie, Anita, Premadevi, Vijay, Dirk, Sydo (notes)

maintenances

Since the work that Cristo has been doing for the IDC has ended he requested a Forest maintenance for the work he has taken-up in Revelation.

Siveraj who previously worked at the MM. nursery and is now full time at "Healing Forest" (near the Alankupam tank) requested a half maintenance.

No one present at the meeting voiced any objections to either request.

afforestation

Siveraj also sought the approval of the group to afforest one acre of AV land adjacent to the Alankupam tank that is presently under the care of Discipline. There were no objections from Jeff since the land is heavily waterlogged in the monsoon and therefore not suitable for agriculture.

Espace

Planting is ongoing and since the lands were recently surveyed, time has come to do the fence bunding. Islan requested the members to assist in the bunding and invited everybody to come on the 16th at 8 O'clock with mumpies and crowbars and a healthy willingness to sweat it out. (in the Solar Kitchen it is announced for the 23rd so check with Islan for the final details)

Forest/ Greenwork Brochure

The old brochure definitely needs updating and all relevant materials (text and fotos) will be compiled by David (Adv.) who requests to be given the necessary input.

Adventure Sports ground

In the summer the idea to start a sports ground near Edayanchavadi, had come up again and Peter CS had requested the Adventure community for the piece of land that was earmarked for that purpose

since the beginning of Adventure. This one acre piece, behind the public toilets and the new water tank, was in this meeting agreed to be the site for such a joint (AV/village) managed project. The allocation of a 4 acre piece of land for a cricket pitch was felt to be quite premature.

Next year's planting

The project proposal has been submitted for 40 000 seedlings and regular seed collection trips.

Brihaspathi tank

We came to know that R.E.R.S. had made a drainage to the catchment tank at Brihaspathi.

Three Green Group members, one Forest Group member and, Peter of L.E.M. visited the site the next morning. Erik could not be reached and it was decided by the five people gathered that the drain would be closed which was implemented by the L.E.M. crew shortly after.

Watershed management concerns all of us and must therefore always be a shared responsibility where experts are consulted before any action is taken.

LT line at Pitchandikulam road

We were updated on the pruning and the scenes around it. The trees have been pruned from Acceptance to the bridge by a crew from Pitchandikulam. The final decision is as of today not yet clear and rests with the Indian authorities. The WC is on the case.

Next meeting at Fertile Field.

"It is from numberless diverse acts of courage and belief that human history is shaped. Each time a person stands up for an ideal, or acts to improve the lot of others, or strikes out against injustice, he sends forth a tiny ripple of hope, and crossing each other from a million different centers of energy and daring, those ripples build a current which can sweep down the mightiest walls of oppression and resistance."

- Robert Kennedy

**CINEMA - Bharat Nivas - AUDITORIUM
FRIDAY 22 NOVEMBER – 7.30 PM (Film show
starting at 7.45 sharp)**

**“ASHES AND DIAMONDS” (POPOL I
DIAMENT)**

- Le film sera précédé de **“BOLERO”** Une chorégraphie de **Maurice BEJART** sur le **Boléro de Maurice Ravel** (Belgique, N&B, 35mm)

Thank you Auroville!

Here I am in Denmark and I am very happy here. It is cold, two degrees, but it is nice and I just love it. I had a beautiful son on Monday, on Diwali day. He is very happy and he has one big family here. Everyone is coming to see him and he loves it. He is still in the hospital and he should be coming home tomorrow or day after tomorrow. Thanks a lot for all the support and everything. I thank you all.
love, giri.

**BIG HAPPENING SATURDAY NOV

IMPORTANT FEEDBACK RE ARTICLE ON KALI TEMPLE

Regarding the article “The birth of a new temple: Durga comes to the gates of Auroville – is it to battle or surrender at the feet of the Mother” in last week's News supplement, the State President of the Hindu Munnani brought forward that the title of the article is objectionable and inappropriate. We therefore profoundly apologise on behalf of the author to everyone who may be offended by this.

In this context, we strongly advise that observations and opinions on developments in our bio-region via the AVNews and AVNet are being worded with great care and understanding so that we do not, in our ignorance, involuntarily and unnecessarily offend the diverse religious expressions.

The AVNews team

Bad Guy

"The infinite multiplicity of the one and the eternal unity of the Many are the two realities or aspects of one reality on which the manifestation is founded" (Sri Aurobindo).

One evening Eric (Indian zoologist in Aranya), Pavitra (Ashram's member from Orissa) and I visited Guenter in Hermitage. We had a talk about a big centipede (scolopendra) which Eric keeps in a glass pot. Guenter

has not seen this pet but he said : "It is a bad guy".

Eric likes poisonous creatures. The scolopendra is 17 cm long, 2 cm wide and of very bright colour with alternate yellow and black segments. I saw a lunch (locust) and a dinner (also locust) of scolopendra. It is permanently hungry and eats insects with a great appetite.

The bite of a small centipede is painful for humans. But what about the bite of this giant scolopendra? I suggested Pavitra : may be he will agree to permit the Bad Guy to bite him for a scientific interest? Pavitra modestly refused, he didn't want to be hero. Perhaps somebody in Auroville wants to do a heroic action for a new knowledge? The Bad Guy waits a good guy for an exciting experiment in The Experimental City.

Boris

WHO COULD LEND OR RENT OR SELL (SECOND HAND) 2 GIRL-CYCLES? MY FRIENDS CARLA AND YELENA, 10 YEARS OLD, WILL COME TO AUROVILLE FROM 11/12/02 TO 8/1/03. PLEASE CALL ME AT 622 065 OR LET A MESSAGE AT KINDER-GARTEN 622 374. THANK YOU CLAIRE

Dear Aurovilians, Newcomers and Guests,

I am teaching English & Social studies (10th grade) and also interested in collection of coins (NUMISMATIC) and stamps of all countries.

I would be very glad, if you have coins or stamps of your country which you don't want. Please contact me.

S. MADIVANANE,
TEACHER., HIGH SCHOOL, ALANKUPPAM,
(AUROVILLE).

Phone : 2201026

Nice family with two young children

is looking for a house to rent or house sit. We are here until end of may. I am working for the seed saving program in the botanical garden with Stephane.

Please contact me on my email:

or at my phone:
2 22 43 21....Thanks.

PONDY TRIPS ON DARSHAN DAYS

NOVEMBER 17 IS MOTHER'S MAHASAMADHI DAY, AND THE 24SRI AUROBINDO'S SIDDHI DAY. Their rooms will be open for darshan. Therefore Sunday 17 and 24 the Av van will leave via the usual route at 9 a.m. and return from Pondy at 1 p.m.

Announcement from Auroville Council and Working Committee

Our email addresses are
avcouncil@auroville.org.in and
workingcom@auroville.org.in

All members of both groups are on the distribution lists of both accounts. If you wish to email any member of the Council or Working Committee on Council or Working Committee business, please use one of the above accounts and he or she will automatically receive your email. Please do not send such emails to the personal accounts of members.

Thank you.

Ananda, Fred, Jaya, Renu, Sanjeev, Selvaraj,
Stuart (Prayatna) - WC/AVC
Adhara, Janet, Jill, Jothi, Joy, Mauna, Santo,
Swadha, Ulli - AVC

Regarding the Central Fund for November 2002

The Central Fund Distribution Meeting for this month will be on Tuesday, 19 November, and all are invited to contribute before then so that this month there will be sufficient income to cover the regular budgets.

Our baby girl Aliyah Naseem was born on the 28th of October at 6.15 PM at PIMS in Kalapet. The experience was positive. I was in the OT helping Cynthia at the birth. Any prospective parents who want more information can get in touch with either Cynthia or myself.

With much love - Brian and Cynthia, Aurobrindavan.

Change of new website of Auroville Transport Services (TAXI SERVICE)

Due to some technical reason the domain name for the Auroville Transport Service has changed.

The Auroville Transport Service (TAXI SERVICE) in New Creation has its online booking facility. Visitors to Auroville can now book a car with some clicks of the mouse from anywhere in the world.

On the website one can make a online booking of a Chennai/Madras airport pickup/drop, a Pondicherry trip, a local transport or make arrangements for a south India tour.

The responsible people of the Transport Service assure anybody ordering a vehicle through the website an immediate response and error-free handling of the request. Hopefully soon these pages will also be available on AVnet, Auroville's internal pages.

Please visit and bookmark: <http://www.aurovilletransport.com>

Please tell all your friends and those who would like to visit Auroville.

Thanking you

Auroville Transport Services

email: avtransportserv@auroville.org.in

PENDING BILL TO AWS ABRI

Dear all,

you are aware that Auroville Water Service-Abri has stop to function since April this year.

A lot of pending bills has untill now not been settled.

All parties concerned has been contacted personnally several weeks ago.

Nevertheless, about 150 bills are still pending.

The corresponding amount (several lakhs) is missing in the account of the Central Fund, which is passing through serious difficulties as you all know.

It has been decided to automatically withdraw this amount to your account if you don't manifest yourself within 2 weeks from now (end of November) and if your bill is below 1,000Rs.

If you need further clarification, please call Sundar at Harvest, 2-622-333 or 2-622-690.

With love

Gilles B. for Harvest

"To whomever borrowed the French video tape on 'Calatrava' from Jean Luc:

It is needed very urgently.

Could you please give it back to Andre (Invocation) or Anandi (Progress, phone 2623009 or 2623568).

Thank you,
Anandi"

Dear family,

I am looking for a high baby chair so I can sit along with my parents at the table without creating such a mess!

Internet Telephony

To make international phone calls over the Internet has become increasingly feasible and attractive. After a period of research and scrutiny, we feel it is now time to officially introduce our assistance in this area and provide a respective service at our PCO (Public Call Center) at the New Creation Corner.

Those who have use of a PC and anticipate an extensive usage of the Internet telephony require the following components to make it work:

- Internet access through a telephone dial-up connection.
- A user account with one of the Internet call service providers.
- The appropriate hardware to facilitate the conversation.

All of the above are available at our office at Aurelec. Based on our findings, we are promoting VSNL as the Internet access and Net2Phone as the Internet telephony provider. The recommended hardware component is a telephone handset that connects to the USB port of the computer. It is particularly designed to work with the corresponding dialing software and literally makes it almost as easy than to pick up a regular telephone.

For those who either do not have their own computer or make international phone calls only occasionally, the investment into the whole set-up can be avoided by using the new Internet call facility of our PCO. Exclusively for this purpose we established a new conference number, which allows you to stay at home and simply call up 262-3617. The operator will take down your name and PT no. and relay your call through the Internet to the desired target number abroad. The fee for most of the relevant countries will be 9 Rs. per minute, as opposed to 21 – 25 Rs on landlines.

In general, the quality of the connection is less predictable than the one of a land line connection. They too are by far not always perfect. For our Internet calls we are ensuring to optimize all parameters that are within our control. Should the quality still not be satisfactory, we advise to either try again later or use the regular conference option under 262-2509.

We are in the process of completing all necessary installations and getting our staff trained on the new system. Please be tolerant if not everything works perfectly in the beginning.

For more details and questions contact us at 262-2298 or, better yet, come straight to the office if you require more elaborate explanations.

The Telephone Service

PITANGA

Photography Exhibition

by Aurovici

November 12 to 27, 2002

Monday to Saturday 8.00 am to 5.00 pm

German Video @ Visitor Centre**Mittwoch 20.11.02 heute 19:30!*****Spider-Man***

Genre: Action
 Regie: Sam Raimi
 Drehbuch: David Koepp
 Darsteller: Willem Dafoe, Kirsten Dunst, Tobey Maguire, James Franco
 USA 2002 – 121min.

Highschool-Schüler Peter Parker (Tobey Maguire) ist tollpatschig und schüchtern. Seine große Liebe Mary Jane (Kirsten Dunst) bewundert er nur aus der Ferne. Sein Leben ändert sich, als er bei einer Exkursion von einer genetisch manipulierten Spinne gebissen wird. Plötzlich kann der Brillenträger gestochen scharf sehen, Wände hochklettern und klebrige Spinnfäden verschießen. Seine neu gewonnenen Superkräfte setzt er zunächst als Amateur-Wrestler ein. Erst der plötzliche Tod seines Onkels veranlasst Peter, mit seinen Fähigkeiten auf Ganovenjagd zu gehen. Dadurch gewinnt Peter nicht nur die lang ersehnte Zuneigung von Mary Jane, sondern auch den Groll vom grünen Kobold (Willem Dafoe). Einem Superschurken, der es mit Mordlust und Zerstörungswut auf die Einwohner New Yorks abgesehen hat...
